

D.A. DIPLOMA & DEGREE ENGINEERING AND TECHNOLOGY,MEHAMDABAD

A Report on Tech fest, ATHARV – 2K19,The fervor recommences

In the education campus of D.A. Diploma and Degree Engineering college, a tech-fest was organized for second time in a row. It was a festival that was organized on 22nd February, 2019. It was a breakthrough accomplishment for the institution as it turned out to be a grand success. Our student co-ordinators and volunteers received an over-whelming response from the colleges in terms of student participation. We also received as many as 150 spot entries on the D-day. The overall strength of students (in-house and external) was close to 400. The winning teams/individual students were presented with medallions, trophies and certificates which made the atmosphere more euphoric.

The Chief guest for the day was Dr. VedVyas Dwivedi, Pro-Vice Chancellor, C.U. Shah University, Vadhwan City, Surendranagar. He has headed many academic institutions in top-notch positions. He boasts of a rich academic profile in the field of Electronics and communication. With a prolific career spanning over a period of two decades, he enlightened the students with the insights gained from his rich experience. He addressed the students about the current demands in the engineering industry and also glorified the role teachers play in moulding a student's life and career. The tech-fest commenced with the traditional lamp lighting ceremony. The honourable trustee members of the institute along with respected principals and chief guest participated in the lamp lighting.

Dr. VedVyas Dwivedi inaugurated the flagship technical event of Civil engineering, BRIDGE MAKING with ribbon cutting. After the inauguration, all the events scheduled on the day started off in full swing.

The students in synchronization with the faculty members did a commendable job in organizing the events. The faculty members extended immense support and co-operation in co-ordination and successful execution of the events. **Decorations** at an event are necessary for setting the mood, framing the emotion and underscoring the importance of the event. The décor of the entire college campus was strikingly eye-catching and awe-inspiring.

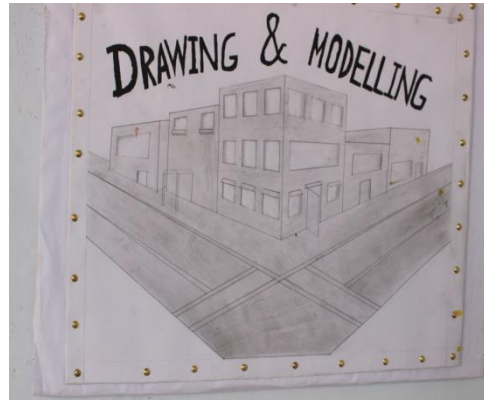

EVENTS ORGANISED ON 22nd FEBRUARY, 2019

CIVIL	MECHANICAL	COMPUTER
Technical Events: 1) Quiz Mania 2) Drawing and Modelling 3) Bridge Making	Technical Events: 1) M-treasure hunt 2) Best Engineer 3) ROBO race	Technical Events: 1) Sniff Code 2) Code-Warrior 3) E-Treasure hunt
Non-Technical: 1) Pirates of Caribbean 2) Gully Cricket 3) Bollywood Quiz 4) Photography 5) Emoji Challenge 6) PUBG		

Civil Department Technical Event Description:

<p>1) Quiz Mania:</p> <p>This event comprised of technical quiz related to civil department. The game consisted of 3 rounds and the event was a team event.</p>	
<p>2) Bridge Making :</p> <p>The teams had to make a strong load-bearing bridge structure with the help of candy sticks and glue in a limited time.</p>	
<p>3) Drawing and Modeling :</p>	

The first stage consisted of drawing a plan of a building and the second stage involved preparing a model of the plan using cardboard sheets, candy sticks, straw, toothpicks etc. It was a team event.

Mechanical Department Technical Event Description:

<p>1) Robo Race:</p> <p>This event was a group event and the rounds were time-based. The robos had to cross all the obstacles and run through the track in limited time.</p>	<p>This event was not conducted as we did not receive any entries for the same.....</p>
<p>2) Best Engineer :</p> <p>This event consisted of team participation. The game was a technical quiz that was round-based.</p>	
<p>3) M - Treasure Hunt :</p> <p>This event was team based and consisted of 3 rounds. The participants were required to look out for the list of objects based on hints</p>	

given to them.	
----------------	--

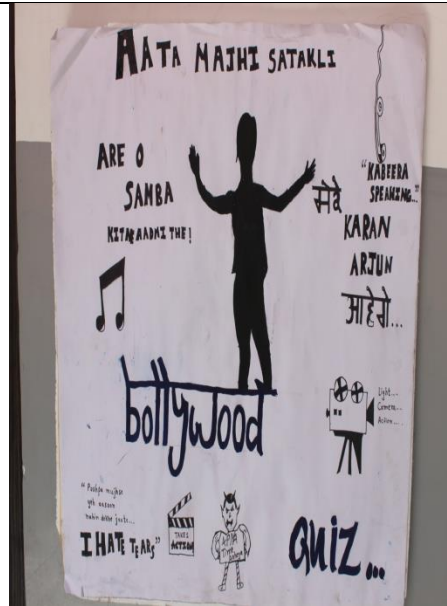

Computer Department Technical Event Description:

<p>1) Sniff Code:</p>	
<p>This event requires individual participation and consists of 3 rounds. Round 1 was quiz based on C and C++. Round 2 was to arrange the code and round 3 was to run the assemble code without compile.</p>	
<p>2) Code-warrior</p>	
<p>This event is of individual or duo type of participation. Round 1 will consist of MCQ type questions. In round 2, the use of mouse is strictly prohibited. Round 3 requires troubleshooting and resolving the problem in limited time.</p>	
<p>3) E-Treasure Hunt :</p>	
<p>This game requires identification of the clue and getting the output of the program without any errors.</p>	

NON-TECHNICAL Event Description:

<p>1) Pirates of Caribbean</p>	
<p>A game of treasure hunt without any clues.</p>	
<p>2) Gully Cricket</p>	
<p>Playing cricket in a garden with informal rules and regulations...!!! And a TENNIS BALL</p>	
<p>3) Bollywood Quiz</p>	

Quiz surrounding the world of hindi movies...

4) Photography

Exhibit your skills in handling the camera

5) PUBG

Knockout game challenge :
Crush of today's younger
generation

6) Emoji Challenge

Identify the emoji and the
related song...

The major attraction of the tech-fest was the workshop of mechanical, civil and computer departments, in which the students were developing their hands-on ability by actually practicing and experimenting with their engineering genius. Here, students from all the three branches exhibited their learning through practical handling of automobile components and other tools, paraphernalia and components used in all the three branches.

The events concluded with the distribution of trophies and cash prizes to all the winners.
